

About Us

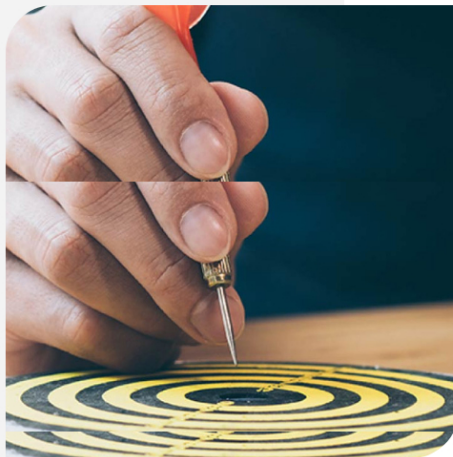

The Company

It is undeniably true that the pharmaceutical industry is a key asset to the global economy. The Pharmaceutical industry involves and revolves around the precious and priceless human lives as the industry is engaged in manufacturing and producing medicines which are a miracle for humans. Since the last two decades the Pharmaceutical Industry has boomed beyond leaps and bounds while our country India continues to rejoice the position of being the largest provider of generic drugs and branded medicines globally.

Kashmik formulation Pvt. Ltd. takes delight in being addressed as a leading pharmaceutical manufacturer that promotes healthy life by manufacturing quality medicine with the advanced & latest technology. At present our company stands out as a manufacturer and global supplier of a wide range of pharmaceutical formulations.

The Company is assured for offering admirable growth with up-to-date facilities, skills & knowledge, and resources that are at equivalence with the best in the country. We also boast of the modern manufacturing facilities and maintain all definite set of standards assigned by the Food and Drug Administration (FDA).

At Kashmik Formulation, we aspire to be the ideal medical partner for all our customers and our objective is to supply an extensive range of quality pharmaceutical drugs to them. Being driven by the principles of trust, value and integrity, we strive for perfection paired up with sheer dedication, preciseness and hard-work.

1 Mission

Our Mission is to be recognized as the most desirable & trusted pharmaceutical supplier partner to all of our clients globally. We envision achieving persistent growth through consistent supply of innovative, customer-oriented and superior quality products.

2 Vision

Our Vision is to be acknowledged and remembered as an innovation driven & technologically sound, research based company across the world. We also envisage emerging out as an intellectually strong competitor globally.

We at Kashmik formulation meaning "Joyful" in Sanskrit and "Unlimited" in Hindi.
